THE BIG GLASS HOUSE.

Under one roof we have gathered together what we feel is New England's most complete stock of horticultural needs. We have here a varied and interesting line of garden and grass seeds, bulbs, fertilizers, potted plants, pottery, glassware, garden vases and jardinières, gazing globes, bird baths, window boxes, plant tubs, garden furniture, rustic and formal, garden books, hundreds of novel and interesting garden gifts, and all other outdoor-living requisites.

We also carry a living catalogue of nursery stock, including evergreens, broad leaves, flowering shrubs, shade and flowering trees, roses, fruit trees and perennials. All are freshly dug and ready to be loaded on your car. The Big Glass House is open every day in the year, from 9 A.M. until dark.

THE LANDSCAPE SERVICE.

To maintain our landscape department, we have at our command a trained and experienced personnel of landscape and forest engineers, foremen and gardeners; all necessary resources of equipment in tools, machines, and plant material to plan, undertake and carry through any specified operation, large or small, from the design and construction of a great private estate or public park, to the artistic de-

velopment of the grounds of a modest suburban home or city backyard. Ask to have one of our representatives call on you.

TWO SUPERB NURSERIES

To meet your particular requirements in plant material, we maintain two nurseries of national reputation.

OUR GUARANTEE

We use great care to insure that all our stock is true to name, freshly dug, and so wrapped or packed that it will reach you in first-class condition. With proper after care, losses should be reduced to a minimum.

Should any stock purchased at our regular retail prices, and properly planted, fail to withstand the shock of transplanting, we will re-supply the same (so far as our stock permits) f.o.b. our nurseries, without charge, provided the account is paid within 30 days of date of invoice and such failure to grow is reported to us in writing within 90 days of purchase.

We will also re-supply any plant found to be not true to name, or refund the amount paid. It is understood that we will not be responsible for a sum greater than the purchase price.

This guarantee is given upon the express condition and mutual agreement that the stock is promptly and properly planted, is given proper after-care, and is not injured by extraneous causes or agencies beyond our control.

PACKING AND DELIVERY

The prices in this list are f.o.b. the nurseries, and packing and shipping will be charged for, at

cost. We are equipped to make truck deliveries throughout New England at a cost which in most cases is not greater than the combined cost of packing and freight or express. This is a very satisfactory method, as plants are delivered fresh directly to the planting site.

QUANTITY DISCOUNTS

For from 5 to 25 of a single size and variety, deduct 10% from the each rate as listed; for from 25 to 100 plants, deduct 15% from the each rate.

TERMS

We are glad to extend 30 day terms to established accounts, if bank and trade references are supplied. Otherwise, please send cash, check or money order with your order. Our guarantee is void on over-due accounts. C.O.D. orders can not be accepted unless accompanied by 25% cash with order.

HOW TO REACH LITTLE-TREE FARMS

We are located at Framingham Centre, 20 miles due west of Boston, Massachusetts. To reach us, take the Boston-Worcester Turnpike, Route 9, to Traffic Lights at Framingham Centre; then Pleasant Street, on Route 30, $\frac{1}{2}$ mile north, to the Farms.

EVERGREENS

5

Evergreens are the dominant specialty of Little-Tree Farms. We offer here time-tried varieties of established merit. All material is dug with a generous ball of native earth, properly tied and burlapped, ready for shipment by car or truck. Baling or boxing for freight or express shipment is extra, at cost.

ROSES

LITTLE-TREE FARMS roses are strong, two-year old, field-grown plants of finest quality. We guarantee them to be in A 1 condition when they are delivered to you. See our General Guarantee on Page 3.

POTTED PLANTS of most varieties may be had after May first, at an additional cost of 25¢ each. Our new method of potting roses allows for full development of root growth, since each plant is growing in three times the amount of soil formerly provided.

Introducing **Little Tree Farms**

Little Tree Farms *presents . . .*

PLANT MATERIALS

Broad acres of healthy, husky evergreens and shade trees . . . large blocks of broad-leaved evergreens, flowering shrubs, and sturdy perennials assure perpetuity of Little Tree Farms' quality and supply.

CONSULTATION

Little Tree Farms maintains an experienced consultation personnel, with whom — in pleasant surroundings — you may discuss in a friendly way any landscaping or garden problem.

CONSTRUCTION

A very definite service is supplied by Little Tree Farms' construction crews under competent and skilled guidance. Their scope is unlimited. Small pools or extensive parks are handled with equal competence.

Our success depends on serving you. But we can't help you unless you tell us what you need.

MAINTENANCE

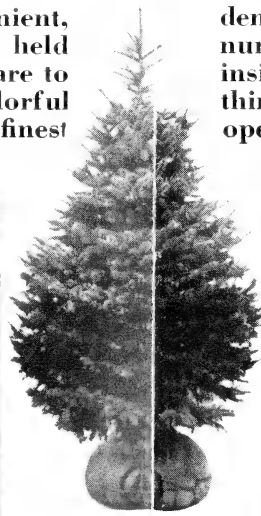

Trees need repair. Evergreens and shrubs need pruning; and lethal methods are essential in the control of myriad insect pests. You will find it interesting to ask our maintenance department "Why" and "When" and "How Much."

The Big Glass House

The Big Glass House is a unique and fascinating feature of Little Tree Farms. Thousands of visitors have found it convenient, interesting, and instructive. Here are held the various shows and exhibits. Here are to be found the latest garden gadgets, colorful pottery, the newest garden books, the finest

flowering and foliage plants; and hundreds of gifts to warm the cockles of any gardener's heart. In season a living catalog of nursery stock is conveniently displayed both inside and outside. There's always something new in The Big Glass House, and it is open daily from 9 A.M. until dark.

A Complete Horticultural Service

VISIT LITTLE TREE FARMS

Little Tree Farms

PLEASANT ST. FRAMINGHAM CENTRE, MASS.

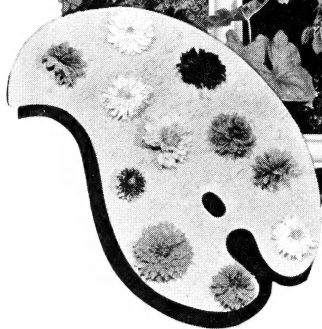

PLANT MATERIALS There are always plants for sale in The Big Glass House. Cheerful, brilliant bulb-flowers; all the familiar blossoming house plants, and many unusual ones; trailing and foliage plants; queer succulents and decorative cacti. And in spring, summer, and fall every type of fine nursery stock is available in the Sales Yard adjoining.

BIG GLASS HOUSE

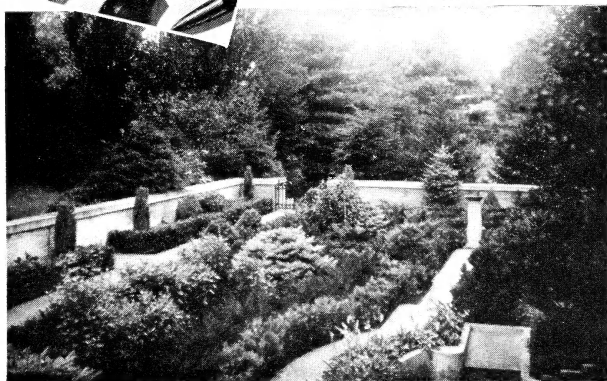

GARDEN REQUISITES

The very name "garden requisites" brings something different to everybody's mind. Yet, no matter whether you are thinking of garden furniture, gazing globes, bird baths, tools, window boxes, fountains, flagstones, fertilizers, sprinklers, or a hundred feet of hose, you will find just what you are looking for in The Garden Store.

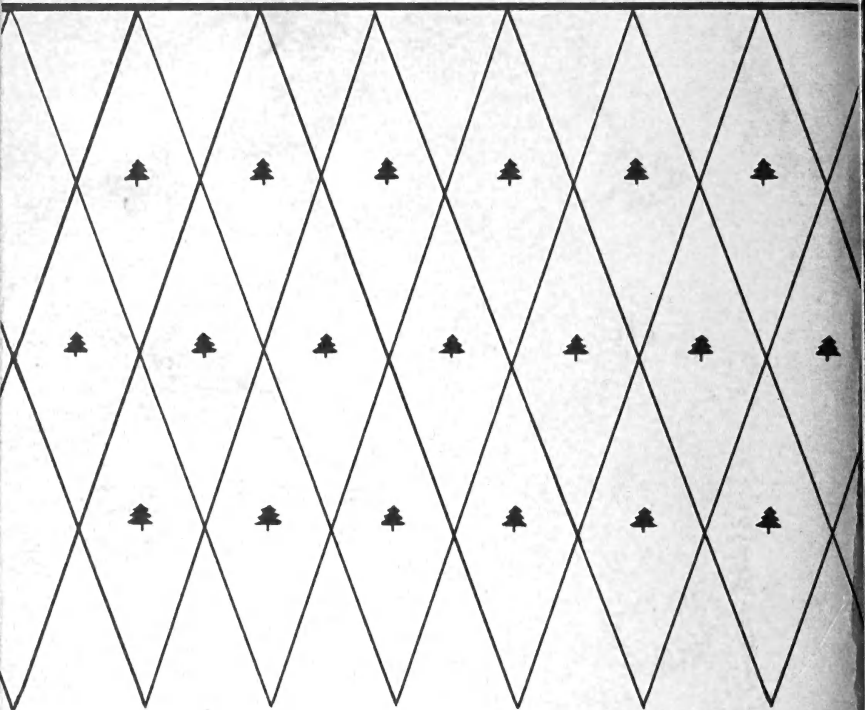

SHOWS and EXHIBITS Of universal interest are the monthly shows and exhibits held in The Big Glass House. Perhaps the show of the moment is a grouping of new and beautiful Peonies, Irises, or Dahlias; or a revelation in how versatile greens may be in the fabrication of Christmas decorations. Whatever the exhibit, it is intelligently and exquisitely displayed. You are cordially invited — as a guest.

The Big Glass House

GARDEN GIFTS There are literally thousands of them in The Big Glass House. No matter what the season, you will find many appropriate things to bring pleasure to a member of the family, or a garden-minded friend. No matter how much or how little you wish to spend, you will be sure to see something that just fits the occasion.
